

ARMSTRONGS TRADE & DIY

DO IT YOURSELF

AN AFFORDABLY STYLISH SOLUTION

Specialising in flat-pack or pre-assembled DIY kitchens, laundries and bathroom vanities, Armstrongs Trade & DIY provides custom made and custom finished quality products at flat-pack prices. They offer an unlimited range of choice, and do not charge any extra for your choice of colours or handles, making them the perfect fit for your new kitchen.

It is hard to believe that this featured kitchen and bathroom is a DIY creation, demonstrating the superb quality of Armstrongs Trade & DIY products.

This contemporary bathroom stands out due to its clean design and simple construction. The owners were after a modern layout and desired functionality. This was achieved through the clean lines and the fact that it can be used by two people at once without a problem.

The brief for the kitchen, which was to transform their kitchen into an entertainers delight and become the centrepiece for entertaining in their home, was perfectly fulfilled. This practical kitchen's large layout, makes it perfect for preparing meals for dinner parties, having people over for drinks, and other entertaining needs, as there is room for any kind of event.

Armstrongs Trade & DIY has a team of design experts who can assist all types of people, from the DIY beginner to the advanced builder who just wants to put in an order.

Whilst the majority of their kitchens are delivered as flat-packs ready for assembly on-site, they also offer the choice of an assembly service, in which the cabinets are delivered to site already assembled and with the cabinet doors attached.

Using state of the art machinery, the staff at Armstrongs make top quality products at the most competitive prices. Their materials are 100 per cent Australian made, and are all guaranteed for 10 years or more. Armstrongs Trade & DIY was established in 1972 and they provide custom all over Australia.
